

DRIVING CLINIC OVERVIEW - BUFFALO

\$99.00 per session

Level 1 Clinic Itinerary:

- An overview of the parts of a Kart and walk through shop.
- Track walk with instructor with driving line and throttle/brake position explanation.
- Proper seating and seatbelt positioning.
- The first race will take place as an evaluation race.
- After first race is completed, race is analyzed and methods for improving time are discussed.
- The second race is half instructor lead and other half is student lead.
- After second race is over, race is analyzed and methods for improving time are discussed.

Level 2 Clinic Itinerary:

- Recap of previous driving lessons.
- The first race is half instructor lead and the other half is student lead.
- After first race is over, race is analyzed and methods for improving time are discussed. Advanced concept discussion includes: minimizing over steer/under steer, braking points, throttle control, proper apexing, etc.
- Second race is an evaluation race.
- After second race is complete, race is analyzed, methods for improving time and the student's progress are discussed.

Level 3 Clinic Itinerary:

- Recap of previous driving lessons. Methods on how to improve time are discussed. Passing and adjustable driving lines will be a major topic of discussion for Level 3.
- First race is a blocking and passing practice race.
- After first race is complete, methods for improving passing are discussed.
- Second race will be tailored to address student's weaknesses.
- After second race is completed, race is analyzed, methods for improving time are provided and student's progress is discussed.

After Level 3 has been completed, further lessons will be customized to the racing student's specific strengths and weaknesses.
